**LAKE SHELBYVILLE AREA
MOREL
AUCTION**

Prized morels for sale to the highest bidder.

In years past prices have ranged from \$40-60 per pound. The past several years morels have been in great demand and short supply. At a distant morel auction a few years ago, morels brought in excess of \$100 a pound. This year we have been fortunate enough to receive sufficient rainfall to saturate the soil down to the sclerotia. In other words, we could have a bumper crop this year if we receive April weather that:

- A: gradually rising temperatures
- B: every 72-96 hours receive at least a tenth of an inch of rainfall
- C: Get sunshine every 48-60 hours.
